Company Profile

“Extending the boundaries of possibilities”

About Us

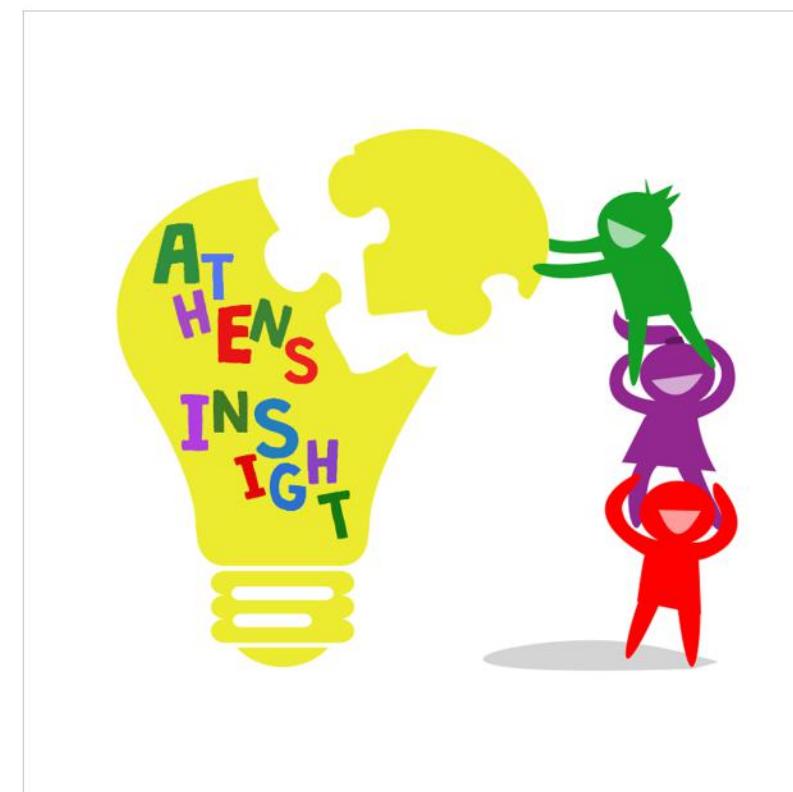

Founded in 2002, Pacific Systems is an information technology services firm based in McDonough, a suburb of Atlanta Georgia. The management and sales team comprise mostly of former employees of Oracle Corporation who left the company with a vision of impacting the information technology industry with their own ideas, skills and experience gathered over the years. With staff strength of over 50 consultants based in Morrow headquarters, Pacific Systems provides Siebel Application Consulting in the following areas:

- ◆ Pre-Application Deployment Review and Sizing
- ◆ Performance Assessments
- ◆ Siebel Health Checks
- ◆ Siebel Upgrades
- ◆ Siebel Application Installation
- ◆ Troubleshooting and issues resolution
